Dear Resident:

E. Meier Contracting has been hired by the City of Des Peres to replace pavement on Fairoyal Drive. Currently our crews have completed installation of the new storm sewer drains and piping associated with this project. Unfortunately, we have experienced **significant** delays with our street replacement crews.

The City of Des Peres Public Works Department has instructed us to take all necessary steps to begin street replacements as soon as possible and to avoid any further delay for which we will comply. We intend to resume work the week of August 2, and believe we can still meet the contractual project deadline of October 21, 2021. We apologize for the delays and disruption the work has caused in your neighborhood.

For a map and animations showing the project phasing, and for updates throughout the project, please visit [www.desperesmo.org/projects](http://www.desperesmo.org/projects) then click on the Fairoyal project. Due to the complexity of the project, we cannot give specific dates of phases at this time, but they will progress in the order of A, B, C...etc.

Our crews will work to complete the project quickly while striving to minimize disruptions. Thank you for your understanding and patience as we complete the improvements in your neighborhood. If you have any additional questions, please contact Mike Rogan at E. Meier Contracting.

Sincerely,

Mike Rogan  
E. Meier Contracting
